		(E) Methods of Targe	eting			
E1	Please provide an update on your targeting plan including challenges, successes, etc.	NCHAF has committed to targeting vulnerable applicants who fall at or below the 100% Area Median Income or U.S. Median Income, whichever is greater. Out of the 18,003 households served, as of the time of this report, 17,463 (97%) of these applicants are within this standard. NCHAF prioritized counties (43) and census tracts (514) identified in the program's updated Needs Assessment as North Carolina's most economically distressed and socially disdavantaged homeowners. The Program has received applications from 43 of the 43 prioritized counties, totaling 1,950 applications during this reporting period. To further pinpoint vulnerable communities, our team also focused outreach solicitation utilizing the following priorities: The 43 targeted counties were placed in three (3) priority groups based on: Persistent Poverty; Low NCHAF program participation, relative to the size of their homeownership population; and Presence of a majority-minority census tract within the county. Census tracts in urhan counties were prioritized based on: Acress of Concentrated Poverty, Community Reinvestment Act low- and moderate-income tracts, Qualified Census Tracts, and Racially/Ethnically Concentrated Areas of Poverty and/or are majority-minority census tracts. The 514 targeted census tracts were placed in four (4) priority groups based on: Refearably designated AND majority minority in an urhan county (188 tracts); Majority minority in an urban county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority (7 tracts); and Majority minority in aruston county but is NOT majority minority of tracts); and Majority minority in aruston county but				
E2	Is the targeting plan put forth in the HAF Plan achieving the desired results?		ү рс			
EZ	is the targeting pion put total in the DAF Fidil delivering the desired festits?	(F) Best Practices & Coor	142			
F1	Have you coordinated with any of these agencies? (FHA, VA, USDA, GSE's, State or Local Agencies that hold mortgage portfolios)	Yes	NCHAF and NCHFA staff have attended and participated in industry collaboration meetings hosted by US Treasury and regularly attended by GSE's various mortgage servicers, including those with FHA and VA portfolios. USDA is an executed servicer with the NCHAF Program. ServiSolutions is a State Agency that holds mortgage portfolios and is an executed servicer with the NCHAF Program.			
F2	Have you coordinated with servicers?	Yes	The NCHAF program has coordinated with 240 servicers and has received signed and executed Collaboration Agreements with all 240 to promote a standardized working relationship. An agency-to-Servicer agreement facilitates standard practices and boundaries which allows the program to work with Servicers that have a high volume of borrowers who apply to the program. Additionally, NCHAF has been in constant contact with Servicers for onboarding to the CDF process and use of CDF Transmissions to vaildate debt and confirm accuracy of payment(s). Out of the full population of current servicers (240), 139 have been redentialed and trained to participate in CDF transmissions. The remaining 101 servicers complete debt verification activities through Non-CDF methodology in careful coordination with NCHAF staff. Onegoing training and troubleshooting is also available to any Servicers with onegoing questions or issues. Examples of this include meetings upon request and meetings which are recurring in nature (weekly, biweekly, and monthly technical calls held with servicers such as Mr. Cooper, Servi Solutions, PHH, Wells Fargo, SECU, Lona care, Vanderbilt, etc.) The program has connected regularly with HAF participants on best practices during ongoing meetings and information sessions, including marketing and outreach meetings, CDF operational discussions, and industry collaboration meetings hosted by the US Treasury and the National Council of State Housing Agencies (NCSHA). NCHAF closed to accepting new applications on November 17, 2023. NCHAF notified participating servicers of program closure.			
		(G) Certification				
During the last fiscal year the NCHAF program earned \$691,548.78 in interest which will be remitted to the Department of Health and Human Services Payment Management System (PMS) as required by 2 CFR 200.302(b)(9)(ii).
